

R. K. WALLACE CONSTRUCTION, INC.  
28 NEW HOME CHURCH ROAD  
JAYESS, MS 39641

**Company Profile**

R. K. Wallace Construction, Inc. is a design/build steel building contractor and erector serving general contractors and building manufacturers throughout Mississippi, Louisiana, and Alabama since 1983. Wallace has erected building projects as large as 800 thousand sf and high as 112'. Wallace employs 40 to 50 employees that specialize in the erection of steel buildings and standing seam metal roofing systems for industrial and commercial buildings. Each of our supervisors has 20 to 35 years of experience erecting steel buildings accompanied by extensive trainings in standing seam roofing for No Dollar Limit Warranties. The experience and ability of the R. K. Wallace Construction, Inc. team, allows completion of 150 to 200 projects per year. Our efficient consistency together with excellent quality workmanship makes our company the preferred installer for several general contractors and building manufacturers.
